For rates and margins shown as ranges, the Annual Percentage Rate (APR) and margin, if applicable, you receive will be within the range disclosed above and is based on your credit worthiness.

For new and used auto loans, lower annual percentage rates are given if you reduce the repayment period. Please ask us for information if you are interested in learning about specific rates available.

Share or Certificate Secured: The Annual Percentage Rate (APR) will be the dividend rate being paid on regular shares or certificates (Index) on the date of the advance plus a percentage within the range shown in the “% above Index” column above. If there is an existing balance on the date of the new advance, the existing balance will be added to the new advance and the entire balance will be at the new APR.

Collection Costs: You promise to pay all costs of collecting the amount you owe under this agreement including court costs and reasonable attorney fees.
